

# Traction Motor Support Bearing

If it's **9 inch lined** for a GE, an **8 inch wide window** for an EMD or anything in-between, Miller Felpax has you covered. We stock all **common sizes** of locomotive support bearings and can supply **most all the rest!**

## Great Performance • Lower Price

It's the Real Deal – high performance traction motor support bearings at a lower cost than you're now paying.

Miller Felpax, inventor and patent holder for most of the bearings

in use today, has joined forces with CMBA, South America's leading producer of traction motor support bearings. Together, we're bringing high quality bearings to the North American market.

What a sweet deal! Top quality and performance that you've come to expect, at a price that will substantially improve your bottom line.
